

Client Delivery Checklist

EMS pack v0.1.6 · Agent 1.1.6 · branch desktop+agent · docs 2026-09-20

Staff install Desktop App + Agent; Admin/HR phone PWA only; VPS + GitHub order.

Who installs what

Who	Install	Forbidden
Staff	Desktop Setup.exe + Agent zip (Downloads)	Phone / Chrome Install app
Admin/Manager	Desktop Setup.exe	—
Admin/HR	Phone PWA on HTTPS	Staff must not get PWA

Delivery order

- 1) Push desktop+agent.
- 2) GitHub Actions → Build Manager Setup → download exe.
- 3) Local BUILD-EXE.bat → zip CFS-Agent-Install.zip.
- 4) VPS: git pull, npm build web, restart ems-api, upload both binaries to /downloads/.
- 5) Confirm EMS_ENV=production and AUTO_SEED_SAMPLES=false.
- 6) Admin installs Desktop; each staff: Downloads → Desktop + Agent + enroll + Sign In.
- 7) Acceptance: Live, no Advance pending for staff, notify sound, PDF OK.
